Career Objective

Motivated Computer Science and Engineering student seeking a Web Development Internship to apply knowledge of HTML, CSS, JavaScript, and MySQL while gaining practical experience in real-world software development.

Technical Skills

Programming

- C
- Java
- Python(basic)

Web Designing and Database

- HTML
- CSS
- JavaScripts (Basic)
- MySQL

Education

- BSc in Computer Science and Engineering (Expected Graduation: July 2026) | R. P. Shaha University | CGPA: 3.20
- HSC | Govt. Mohila College | GPA: 4.00 | 2021

Tools

Visual Studio Code | GitHub | Android Studio (Basic)

Soft Skills

Problem Solving | Teamwork | Communication

Projects

- Thrift Store Website – Pre-Loved Picks**
Developed a fully functional thrift store website using HTML, CSS, and JavaScript to allow users to browse, list, and purchase second-hand items. Implemented features like product listing, search, and interactive UI for a smooth user experience. Project link: <https://github.com/Momo4660/Thrift-Store-Website.git>
 - Quiz Game**
Built an interactive quiz game where users can answer multiple-choice questions and view instant results with score tracking. Focused on dynamic question rendering and user-friendly interface using Java and MySQL. Project link: <https://github.com/Momo4660/Quiz-Game.git>
 - Brick Breaker Game**
Implemented a classic brick breaker game featuring paddle control, ball collision mechanics, and score system. Designed responsive gameplay logic and smooth animations using Java and MySQL. Project link: <https://github.com/Momo4660/Brick-Breaker-Game.git>
 - Event Management System (C Project)**
Developed a menu-driven event management system in C that manages events, attendees, and schedules using file handling for data persistence. Project link: <https://github.com/Momo4660/Event-Management-C-Project.git>
